

BACKPACKING SOUTH AFRICA - HOSTEL GUIDE

TAP THE MAP to navigate, DOUBLE-TAP to zoom

South Africa is a destination that delivers variety and value in equal measure. Often called the “Rainbow Nation”, it offers a backpacking experience that ranges from the urban energy of cities like Cape Town to the profound silence of the semi-desert Karoo interior. It remains one of the most affordable destinations for international travellers; you can enjoy world-class wine, craft beer, and high-quality meals for a fraction of the cost of other major destinations. While the country requires a level of practical safety awareness—such as planning arrivals before dark and trusting your instincts—it rewards the aware traveller with an intensity of experience found nowhere else.

The real challenge in South Africa is not finding things to do, but choosing between them. In a single trip, you can surf world-class breaks, track the Big Five in the Kruger National Park, and stand atop the Drakensberg escarpment at the world’s highest waterfall. Whether you are seeking the adrenaline of the world’s highest commercial bungee jump at Bloukrans or a slow road trip through the ancient landscapes of the Cederberg, the environment is as diverse as the culture. This guide and the accompanying interactive map are designed to help you navigate all 27 regions and connect directly with every hostel on the circuit.
